Choose the program that's right for you

PUCKETT RE-POWER	One or two componets
CERTIFIED POWER TRAIN	The full power train
CERTIFIED POWER TRAIN PLUS	Reconditions power train plus other areas
CERTIFIED COMPONENT REBUILD	Engines and/or transmission/torque converter combo
CERTIFIED ENGINE REBUILD	Marine, gen sets, and other power applications
CERTIFIED REBUILD	The entire machine
CERTIFIED HYDRAULIC REBUILD	An excavator's hydraulic system

REBUILD PART OR ALL OF YOUR EQUIPMENT FOR MAXIMUM LIFE AND MAXIMUM VALUE

Puckett Re-Power

This rebuild is avaialbe for engine, transmission/torque converter, axles, final drives and differentials.

- When only one or two componets need to be rebuilt
- Assembled and Tested to Cal cleanliness and performance specs
- All critical engineering updates are incorporated
- 12 month/1000 hour warranty included
- Clean/flush cooling system and cooler

Certified Power Train and Power Train Plus Rebuild

The heart of any piece of equipment is the power train. A rebuilt power train can restore performance, increase machine availability and greatly extend its productive service life.

- Restores power train to like-new performance
- Cover radiator, engine, transmission, torque converter, final drive, and axle
- All components disassembled
- Extended power train coverage available
- Plus allows you to add specific parts, systems, or components to further boost performance and reliability

Certified Component Rebuild

You have options when it comes to renewing the performance of your equipment fleet. This program gives you the ability to rebuild specific components in order to boost reliability and spend a fraction of what it cost to buy new.

- Restores engine or transmission plus torque converter combination to like-new performance.
- Assembled and tested to Cat cleanliness and performance specifications
- Includes critical engineering updates

Certified Engine Rebuild

Durability, dependability, performance: those are just some of the reasons people invest in Cat power. Now you can add another reason to the list: Cat engines can be rebuilt for a second life!

- Covers member of the Cat 330, 3400, 3500, 3600 and C-Series engine families
- Includes the latest required updates and optional performance enhancement upgrades

Certified Rebuild

You invested in Cat quality when you bought your machines. With a Cat Certified Rebuild you can recover all the performance and productivity of your original machine.

- Like-new performance at a fraction of the new price
- Endorsed by Caterpillar
- Performed by Puckett Machinery
- Completed with genuine Cat parts
- New parts warranty on all replace parts
- Your choice of extended power train coverage

Certified Hydraulic Rebuild

Recondition your excavator's hydraulic system for a fraction of the cost of replacing components individually.

- Great choice when the rest of the machine is running strong
- Restores like-new performance, reliability and durability
- Avoids the cost of downtime associated with chasing problems through the system one repair at a time
- Restores pumps, motors, valves, accumulators, hoses, tubes, tanks, coolers and cylinders
